Timeline

Education / Certificates Work Experience

- St. Thomas Mat. Hr. Sec. School — 10th (89%) — 2014
- St. Thomas Mat. Hr. Sec. School — 12th (65%) — 2016
- St. Thomas College of Arts & Science (University of Madras) — Bachelor of Computer Applications (6.8) — 2019
- Hadoop Developer using Hive & Pig — Rooman Technologies — 2019
- Machine Learning Intern — Gobunc Technologies — 2019
- Hindustan Institute of Technology & Science — Master of Computer Applications (0.0) — 2022

About me

A Computer Applications graduate with great passion for data and everything that can be achieved using it. With broad understanding of Machine Learning and Deep Learning concepts, working knowledge in NumPy, Pandas, Convolutional Neural Networks, Natural Language Processing and Data Visualisation Techniques.

Career Objective

I am a highly driven recent graduate seeking a career in Deep Learning where I can lend my knowledge of data analytics to help your organization improve profitability.

My Interests

- *Movies*
- *Music*
- *Photography*
- *Reading*

Personal Skills

- Adaptability
- Teamwork
- Organization
- Time Management

Technical Skills

- Python
- SQL
- Java
- TensorFlow
- Hadoop
- Deep Learning

Languages

Malayalam	Native
English	Advanced
Hindi	Advanced
Tamil	Advanced

My Numbers

4 Months	10+
Work Experience	Certificates
5	More Details
Projects	

My Certificates

- Hadoop Developer using Hive & Pig — Rooman Technologies
- Deep Learning Specialization — Deeplearning.ai
- TensorFlow in Practise Specialization — Deeplearning.ai
- SQL for Data Science — University of California, Davis

My Experience

Gobunc Technologies > Intern (4 Months)
